

UltraNet®

CO2 TACTICAL NET LAUNCHER | FIELD & OPERATIONAL USE

Portable Power.

**CO2
POWERED**

16g Unthreaded

**311mm
12¼ INCH**

Overall Length

**1.36kg
3 LBS**

Loaded Weight

**15 m/s
50 FPS**

Net Speed

Propelled by compressed CO2, the UltraNet® casts a square Dyneema® net at over 15 m/s to entangle and stop a target at up to 30 feet. Used worldwide by wildlife researchers, law enforcement, and UAV operators.

Engineered with upgraded materials and components for tactical reliability. Machined aluminum body, high-temperature rated for extreme environments.

6-MONTH MANUFACTURER'S WARRANTY — MATERIALS & WORKMANSHIP

Does not include consumables (CO2, nets, covers, weights, rubber seals).

Effective range: 3-9 meters (10-30 feet). Indoor and outdoor operational use.

KIT CONFIGURATIONS

BIRD SPECIALIST

4 x 5cm mesh nets
Birds, cats, waterfowl, bats
2m x 2m net deployment
